US-1 Level of Service Task Force Meeting

- Introductions / Roll Call
- Approval of Meeting Minutes: January 6, 2021
- Presentation and review the updated methodology based on input received from Meetings #1 and #2 (AECOM)
 - Signal Delay: Increase to 35 seconds
 - Signal Delay: Apply to only uninterrupted segments (not overall US-1 LOS calculations)
 - Drawbridge Delay: Apply delay of 6 minutes to affected segments and overall US-1 (apply to only those travel runs which were impacted by bridge openings).
 - Overall LOS calculation methodology will stay the same
 - Travel Time Schedule: Conduct 2021 travel time runs based on current schedule. Also, conduct supplemental runs in the southbound direction within Segments 1 to 4 during AM peak (7-8 am) on Wednesday, Thursday and Friday of the second week. Additionally, conduct supplemental runs in the northbound direction within Segments 1 to 4 during the PM Peak (5-6pm) on Wednesday, Thursday, and Friday of the second week. The results of the supplemental runs will be included in the 2021 ATTDS Report for informational purposes only and will not be used in overall LOS calculations. This information will be reviewed to decide if supplemental runs should be incorporated into future ATTDS and LOS calculations, as directed by the Monroe County BOCC
